

**2:30 p.m. - 3:30 p.m.**   
**Informing Learning with Infographics**  
 Course #001917, Session #0001  
 Infographics are a visual way for students and faculty to creatively display complex data in a simple way. Attend this overview session to find out what info graphics are, how they can be created, and how to incorporate them into your classroom using free tools on the internet. Presented by Melanie Kroening.

**4:00 p.m. - 5:00 p.m.**   
**What's Happening at MCC? Engage the MCC Intranet**  
 Course #001910, Session #0002  
 MCC is a big campus with big things happening all the time. Learn how to use MCC's Intranet (Drupal) to engage in the campus internal (faculty and staff) community. Get tips on marketing strategies, as well as the mechanics of using the intranet editor to tell the campus about your special news, events or activities in this hands-on session. Presented by Helice Agria.

**Thursday, May 23**

**8:00 a.m. - 9:00 a.m.**   
**Collecting and Reflecting on Learning with Canvas ePortfolios**  
 Course #001843, Session #0002  
 In this session we will explore different types of ePortfolio assignments and how students store, track, reflect on and share their learning using the Canvas ePortfolio Tool. Discover the power of ePortfolios for both formative and summative assessment. Presented by Helice Agria.

**9:30 a.m. - 10:30 a.m.**   
**Multimedia in Canvas**  
 Course #001842, Session #0004  
 Learn about the best practices, tools and functionality contained within Canvas for integrating multimedia. This session will explore the Multimedia Uploader, external providers, integration of available video content repositories supported by MCC campus; plus web usability, and accessibility for multimedia. Presented by Jeffrey Anderson.

 Designates C.A.F.E. Eligible

**11:00 a.m. - 12:30 p.m.**   
**Apps + Lessons = Lots of Apptivity! Pt. 3, Making Meaning**  
 Course #001912, Session #0001  
 With Apps, the classroom is at your fingertips. Understanding which Apps to use for your specific content and how to integrate them into your classroom to support learning is challenging. Come explore how to use Apps to promote critical thinking using Blooms and Apps (iPads, web-based, etc.). Lesson Purpose: Making Content Meaningful and Interaction. Apptivity Focus: Glogster, Prezi, Nearpod, Issuu, Google Docs, etc. iPads not required. Most of the Apps are available on any web device. Presented by Beth Alsen & Melanie Kroening.

**12:30 p.m. - 1:30 p.m.**   
**Lunch N Share, CTL Conference Room**  
 Review the week of Camp Innovate 4. Discuss what has been learned and eat lunch together. Registration is required. Special Registration at: <http://tinyurl.com/CampingLunch>

**1:30 p.m. - 2:30 p.m.**   
**Accessing Accessibility**  
 Course #001798, Session #0004  
 Make your department and course material more accessible with just a few simple best practices. In this workshop participants will view our new online accessibility resource and checklist. Discover ways to make MS Office, Adobe PDF, videos and other resources user friendly for all your students using universal design techniques. Presented by James Bowles.

**3:00 p.m. - 5:00 p.m.**   
**Giving Quality Assignment Feedback in Canvas: The SpeedGrader, Crocodoc & Turnitin**  
 Course #001828, Session #0003  
 Quality assignment feedback is critical to student success. In this hands-on session we will explore the variety of tools available in Canvas for providing excellent and detailed feedback. Learn how to use the SpeedGrader, Rubric, Crocodoc (in-line comment tool) and Turnitin (plagiarism tool) to increase your students' success in your classes. Presented by Helice Agria.

**Questions? Concerns. Suggestions.**

**Introducing Digital Badges for Participation!**

## Monday, May 20

**8:00 a.m. - 11:00 a.m.** 

### **Lesson Design & Delivery: A Road Map for the 21st Century**

Course #001767, Session #0004

Road Trip to the CTL! This session will overview 8 research-based standards for lesson design to engage the 21st century learner. Come unpack strategies to design and deliver your lesson while walking away with souvenir tips from your colleagues. *Presented by Beth Alsen & Megan Karns Garvy*

**11:30 a.m. - 12:30 p.m.** 

### **Self-Graded Assessments in Canvas**

Course #001908, Session #0001

Canvas has a simple and automated quizzing tool that allows instructors to develop assessments using a variety of question types: fill in the blank, multiple choice, true/false, matching, and more. Attend this quick, focused workshop to see a variety of assessment examples of how you too can use Canvas for self-graded assessment! *Presented by Melanie Kroening.*

**1:00 p.m. - 2:00 p.m.** 

### **YouTube Essentials**

Course #001891, Session #0002

YouTube can be a great source of cute kitten videos and Russian dash-cam footage, but what can it really do for classroom learning? In this session we will explore the often overlooked features of this video social network platform including video editing, creating, recording, annotations, polling/surveying and more. Learn how to create an engaging channel to store your video resources and share playlists in a few easy steps. *Presented by Andrew Kasian.*

**2:30 p.m. - 4:30 p.m.** 

### **Picture Perfect: Basic Photo Editing with Photoshop, Pt. 1 Beginners**

Course #001753, Session #0008

Discover the power of photo editing in Photoshop. This session will cover opening photos, cropping/resizing photos, basic filters and layer adjustments to make every image picture perfect! Bring your own projects, the last 30 minutes will be dedicated to practice of the skills learned during the session. *Presented by Helice Agria.*

## Tuesday, May 21

**8:00 a.m. - 9:00 a.m.** 

### **Point the ARO (Advanced Reading Organizer) at the Target**

Course #001909, Session #0001

How do you know if your students have read before class? Come to ARO's: Advanced Reading Organizers to target strategies to increase content comprehension and accountability. This session will review reading strategies that emphasize skills for organization, reflection, to reinforce increased participation and, content knowledge. Keep your students on target with pointing the ARO in the right direction. *Presented by Beth Alsen.*

**9:30 a.m. - 10:30 a.m.** 

### **Collaborative Presentations & Storytelling in VoiceThread**

Course #001800, Session #0003

VoiceThread can make an every day slide show into interactive collaborative course materials. Learn how to use this amazing tool to tell content stories, generate lively discussions and more. *Presented by Helice Agria.*

**11:00 a.m. - 12:30 p.m.** 

### **Apps + Lessons = Lots of Apptivity! Pt. 1, Creating a Community of Learners**

Course #001910, Session #0001

With Apps, the classroom is at your fingertips. Understanding which Apps to use for your specific content and how to integrate them into your classroom to support learning is challenging. Come explore how to use Apps to promote critical thinking using Blooms and Apps (iPads, web-based, etc.) Lesson Purpose: Creating a Community of Learners/Preparing for Instruction. Apptivity Focus: Voki, Animoto, Stick Pick, Tellagami, etc. iPads not required. Most the Apps are available on any web device. *Presented by Beth Alsen & Melanie Kroening.*

**1:00 p.m. - 2:00 p.m.** 

### **Make Canvas Pretty**

Course #001453, Session #0003

Designing for learning is unique, but it is often obscured by the more practical aspects of supporting learners. In addition to building excellent curriculum, objectives, content materials and assessments you have to consider the fundamentals of online design. In

this workshop participants will learn to design for Canvas, exploring ways to incorporate quality images, style and more to build a rich and meaningful learning environment.

*Presented by Melanie Kroening.*

**2:30 p.m. - 3:30 p.m.** 

### **Take Control: A Guide to Classroom Technology Troubleshooting**

Course #001806, Session #0002

We've all been there. You don't know your VGA from HDMI and have only minutes before students walk into class to get something working. Don't spend the first 15 minutes of class clicking buttons. Learn to take control of the classroom media station including the projector, computer, dvd player, document camera, interactive whiteboard and more. Become the Tech Hero in your life by following these basic troubleshooting steps. *Presented by James Bowles.*

**4:00 p.m. - 5:00 p.m.** 

### **Integrating Library Resources into Teaching & Learning**

Course #001925, Session #0001

Would you like to know what the Library has to offer that will help you bridge the gap between your course learning objectives and student outcomes? Come to this workshop to discuss why you would use Library resources in your course, to see some examples of using Library resources in Canvas, and to learn about what resources the Library has to offer. *Presented by Megan McGuire, Library Faculty/eLearning Librarian.*

## Wednesday, May 22

**8:00 a.m. - 9:30 a.m.** 

### **Apps + Lessons = Lots of Apptivity! Pt. 2, Building Connections**

Course #001911, Session #0001

With Apps, the classroom is at your fingertips. Understanding which Apps to use for your specific content and how to integrate them into your classroom to support learning is challenging. Come explore how to use Apps to promote critical thinking using Blooms and Apps (iPads, web-based, etc.). Lesson Purpose: Building Connections and Making Content

Meaning. Apptivity Focus: Wordle, Timelines (Dipity, Timetoast), Mind Maps (Popplet, Mind-Meister), etc. iPads not required. Most of the Apps are available on any web device.

*Presented by Beth Alsen & Melanie Kroening.*

**10:00 a.m. - 11:00 a.m.** 

### **Kurzweil 3000 for Study Skills: Disability Resources & Services Technology Spotlight**

Course #001915, Session #0001

Join the MCC Disability Resources & Services Office as they demonstrate the Kurzweil 3000. The Kurzweil 3000 is a comprehensive reading, writing and study skills software solution for struggling learners. The MCCC Instructional Technology department is supporting this software and will have it in place in the Disability Resources & Services Office this summer. This session will demonstrate the reading and study skills, support and writing and self-editing tools that Kurzweil has to offer. *Presented by Cindy Jepsen, Manager Disability Resources & Services.*

**11:30 a.m. - 12:30 p.m.** 

### **Micromanage your Online Lectures: The Art & Technology of Microlecturing**

Course #001914, Session #0001

Maximize your lecture impact by micromanaging the length and focus. In this session we will identify and practice using tools for lecture capture. Discover how quickly you can flip your classroom, connecting students to material online in a meaningful way and saving precious classroom time for engaging activities and collaboration. *Presented by Helice Agria.*

**1:00 p.m. - 2:00 p.m.** 

### **Understanding Your Veterans in the Classroom**

Course #001918, Session #0001

MCC has more student Veterans than any other Maricopa campus. Come to this informative session to gain insight into the unique needs and skill sets of your student Veteran Plan to share experiences and concerns, as well as leaving with tools to communicate successfully and help your student Veterans achieve at the highest levels in your classroom. *Presented by Antonia Adams - Clement, Manager of Educational Specialized Services.*
